Building Opportunity for Leadership Development Scholarship Program

At Concordia University, St. Paul we understand many factors go into the college selection process. Along with seeking a specific program, location and community, prospective students also must consider a place that is realistic for them financially. In good economic times and bad, Concordia University strives to be an institution where all interested students are able to attend and be financially supported.

To demonstrate this commitment, we are proud to introduce the Building Opportunity for Leadership Development (BOLD) scholarship program. Beginning in the 2009-2010 academic year, \$1,000 and \$2,000 scholarships will be awarded to newly accepted students enrolling full-time in traditional undergraduate programs who have participated in college readiness programs including MMEP, Admission Possible, TRiO, Upward Bound, AVID and Power of You. No scholarship application is necessary. BOLD is awarded to qualified students in addition to academic scholarships, making Concordia more affordable than ever.

BOLD seeks to recognize students with financial need and aims to assist students with a healthy transition into post-secondary academics by offering individualized attention, communal interaction and spiritual growth. The scholarship is renewable for the sophomore, junior and senior years with satisfactory academic progress.

We believe students deserve to attend the academic institute of their choosing without unnecessary focus on dollar signs. It is our hope that BOLD will turn Concordia University from a possibility to a reality for students from all walks of life.
