1CSP recommends students select MATH 1740 they will receive credit for MAT 110, which fulfills both the Biology major prerequisite and Mathematics general education area. If a student does not complete MATH 1740 at SPC, they will be required to take MAT 110 at CSP. If a student selects MATH 1762 or MATH 2749, they will not be required to take MAT 125/MAT 135 at CSP, but will be required to take MAT 110.

2If the full goal area is not complete, verify with CSP that the chosen course in each goal area will satisfy the indicated general education area. CSP cannot guarantee course transfer if the full goal area is not complete. Students who are not goal area complete and select courses not approved as a general education course at CSP may have additional credit requirements to complete at CSP.

3BIOL 2750 is one of several course options in the Biology Transfer Pathway AS at Saint Paul College. If students do not select BIOL 2750, they will be required to complete BIO 300 at CSP.

4BIO 120 will also fulfill the Natural Science general education area at CSP.

Transfer Policies:

- An overall GPA of 2.0 or higher and major GPA of 2.0 or higher is required. (Unless the course applies toward the major, all transfer credit is accepted with a grade of Pass 'P' and does not impact your CSP GPA.)
- A minimum of 120 credits is required to earn a bachelor's degree from CSP. A minimum of 30 credits must be successfully completed at CSP and a maximum of 90 credits will be accepted in transfer.
- A minimum of half of the major credit requirements must be successfully completed at CSP.
- Completion of the full MN Transfer Curriculum will fulfill all general education credits at CSP, with the exception of Theology
- Students may have additional credits earned from attendance at other schools, please be sure to submit all transcripts.
- The courses listed above are current as of the corresponding Academic Calendar Course requirements are subject to change.
- Please contact the Concordia University Office of Admissions for the most up to date information.
